STEAM & FLUID CONTROL SOLUTION

COMPANY PROFILE

Alpha Group Company Limited has been founded by four classmates who were graduated engineers in chemical engineering and also have the same business in line experiences before they formed the equal partners. The company established in April 11, 1984 with the capital registered of Baht 500,000.

From the early day, they have started the business of sales & marketing of manual shut-off valves as well as related piping equipments. Most are equipment which related to the application for mechanical of steam and hot oil utility in the general and light industries. Since our business growth continuity every fiscal years, hence, now we have the registration value at Baht 70,000,000.

By experiences & knowledge of the founders, they have done a very good job. Their company, Alpha group Co., Ltd. is not only a traditional trading company but it's also sales & supervisors the products and applications for the most efficient solutions for its customers. Because of founder background and knowledge, their business is focusing in the area of heat transfer and process behavior which can bring the benefit back to customers in the form of energy conservation and heat balancing. Nowadays, the company is still remaining such engineering capability as major business.

Nowadays, we will hold the operation as the Holding Company which will include the business like Trading, Engineering, Automation, Services as well as the Engineering Consumable Products and etc.

THE MAIN BUSINESS

Alpha Group Co., Ltd. is presently the importer and the distributor of industrial mechanical equipments, especially a variety of valves for steam, thermal oil, chemical, petroleum refining, petrochemical, sugar mill, food, textile and water application for all different fields. It has three affiliate companies which are focusing and strengthening in the different market requirements and locations, but they are still under Alpha Group Co., Ltd.'s management team. They are :

Alpha Group Co., Ltd. (Rayong Branch)
Alpha Group Co., Ltd. (Hat Yai Branch)
Alpha Group Co., Ltd. (Nakhon Ratchasima Branch)
Techno Pumps Co., Ltd. (Bangkok)
Alpha S&E Co., Ltd. (Bangkok)

WAREHOUSE SPACE
MORE THAN
2,000 SQ.M.

THE MAIN BUSINESS

Importor and Distributor of industrial equipments, especially for Valves, Instrumentation, Sealing Gaskets, Torque Wrench and Bolt Tightening, Safety Equipment and Devices, Rental Equipment.

KEY SUCCESS FACTORS

Provide the high quality of product and service with professional ethics and honest to fair deal to our customer.

Continued the development of man-power, skills and knowledge to reach to our principle's standard.

Quality control to every step of business operation. Select customer who are our business partner for mutual future success.

Expand our service to cover to all customer at any levels from light industry to high-end and whole part of our country.

Always create the business development planning for the future to conform to our principle's business philosophy and policy in professional way.

OUR SERVICES

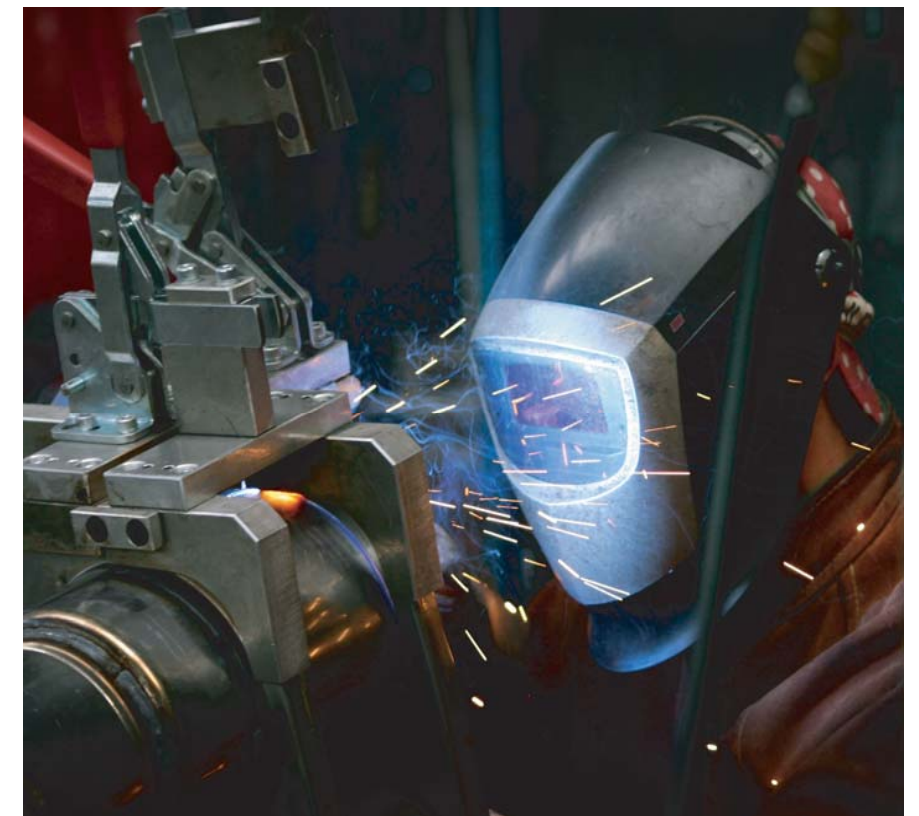

With the decades of experience, Alpha Group's team service is extremely ready to serve all of our customer's satisfaction very well. At highly standard ability, and fully service mind, you will be ensured that all of the problem will be solved from our best solution we offer.

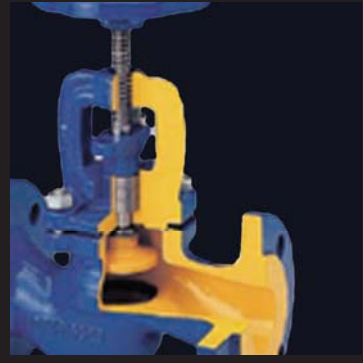

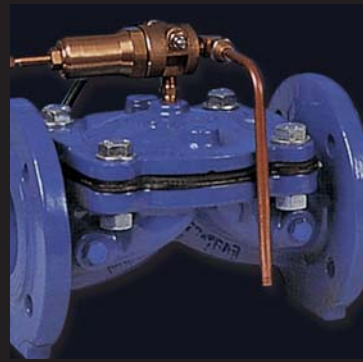

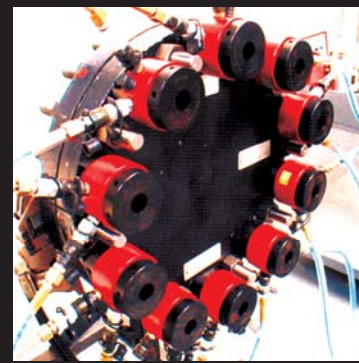

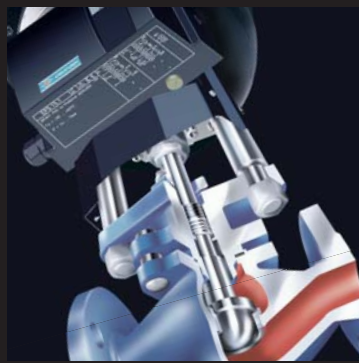

TITAN BOLTING TOOL RENTAL

TITAN Technologies, different from other companies that sell bolting products and services. TITAN is a solutions based company which features a vast array of the solutions to any bolting application.

Technical Expertise - Bolting applications experience in multiple industries including power generation, oil and gas, chemicals, pulp and paper and more.

OUR SERVICE TEAM QUALITY COMES

ARI ARMATUREN

Globe valve / Control valve
Pressure reducing valve
Safety valve / Check valve

ARMSTRONG

Steam trap / Pumping trap
Air vent / Liquid drainer
Steamix / Flo-Rite Temp
Rada / Flo-Direct

KLINGER

Piston valve / Liquid level gauge
Ball valve / Spiral wound gasket
Jointing sheet / Ring cutting
machine

ASCO

Piston valve

IWKA

Expansion joint

TITAN

Bolting / Tensioning

GIACOMINI

Ball valve

ALPHAIR

Pneumatic actuator

ALPHA

Ball valve / Wafer check valve
Expansion joint

RAPHAEL

Water control valve

OSECO

Rupture disk

SOCCLA

Foot valve / Ball check valve
Check valve

AQUAMETRO

Oil & Chemical flow meter

JK

Strainer / Safety valve / Air vent
Pressure reducing valve

DK

Butterfly valve

FNC

Flame arrester / Breather valve

SPENCE

Pressure reducing valve

VARIMEX

Globe valve / Y-Strainer

ORBINOX

Knife gate valve

CRANE

Gate valve / Globe valve
Check valve

OSAKA SANITARY

Sanitary pipe fitting

SCHMIDT ARMATUREN

Pressure reducing valve

PEGLER

Gate valve / Globe valve
Check valve
