## Hoses

*SuperKlean*

At SuperKlean, we build our hoses to be industrial-grade and durable. With four different materials and finishes to choose from, SuperKlean hot water hoses are ideal for any environment.

## Abrasion Resistant Hoses

- Flexible, lightweight, economical, durable, and safe construction.
- Choice of standard adapters on every hose assembly made.
- 5/8" inner diameter.

UBS (Black)

Part #:	Inner Diameter	Max Pressure	Cover Color	Cover Material	Tube Material	Reinforcement
USB	3/4"	250 PSI	Black	Smooth EPDM	EPDM	4 Polyester Yarn Spirals

## Oil Resistant Hoses

- Flexible, lightweight, durable, and safe construction.
- Cover is resistant to abrasion, heat, ozone  
(MBY also has RMA class A oil resistance)
